### Cutting Through The Self/Other Identity

The book is written in two parts or in two separate yet companion books. The first is a personal story of taking an entheogenic strength dose of LSD, breaking through to the bliss, coming down through the trauma of egohood—to 20 years of spontaneous kundalini-shakti or as you will discover: the “evolutionary energy of consciousness.”

The second book goes quite beyond the first or memoir integrating of entheogenic experience, to exploration of evolutionary construct of mind in both ordinary and psychedelic
